1998

marks the 75th year anniversary of SFA.

This special edition of The Stone Fort yearbook is a reflection on the evolution of the University from its inception in 1923 to the present day.

This University has developed dramatically throughout the years. SFA has served as a cornerstone of scholastic achievement and collegiate activities for the past 75 years. It has supported East Texas communities and provided a place for students from all over the world.

Your 1998 Stone Fort special edition offers a nostalgic look back across the years, yielding a knowledge of where SFA began and the legacy that continues to this day.

Austin Building construction 1922

SFA was granted \$180,000 by the State of Texas for the main building's construction and maintainance. Construction was to begin May 12, 1921. Two days after the ground was broken on the site for the new college, World War One was declared.

The original construction company was Moore Construction Company of Ranger, with the low bid of \$129,590 for construction of the Austin Building.

Actual construction began in September of 1922 by Southern Surety Company under the direction of W.E. Ketchum, architect.

Twenty-seven towns applied to have SFA claim them as their own: Alvin, Angelton, Beaumont, Carthage, Gilmer, Henderson, Houston, Jefferson, Jasper, Longview, La Porte, Lufkin, Marshall, Mount Pleasant, **Nacogdoches**, Palestine, Pittsburg, San Augustine, Sulphur Springs, Texarkana, Timpson, Tyler, Troup, Winnsboro and Woodville.

Nacogdoches was awarded the college after a community-wide effort involving petitions and letter writing campaigns.

Alton William Birdwell, Dean at Southwest Texas State Teachers College, became the first president, filling that position from the opening of the school on September 18, 1923, until his retirement as President Emeritus in 1942.

He was succeeded in 1942 by Dr. Paul Lewis Boynton, Professor of Psychology at George Peabody College, who served as president until his death in 1958. Dr. Ralph Wright Steen, Head of the Department of History and Government at Texas A&M University, became the third president on November 1, 1958, and served until his retirement in 1976.

Alton William Birdwell

Dr. William R. Johnson, Vice President for Academic Affairs, Texas Tech University, became the fourth president of the University on July 1, 1976. He served until July 15, 1990, when he retired. Dr. Donald E. Bowen, Vice President of Academic Affairs at Southwest Missouri State University, served as the University's fifth president from

July 16, 1990, until December 14, 1991. On December 19, 1991, Dr. William J. Brophy was appointed to serve as Interim President.

Dr. Daniel D. Angel, President of Austin Community College, became the sixth president on August 17, 1992.

President's home 1925

The institution began as a teachers college with 158 students and 24 teachers.

The Austin Building housed the chemistry lab and the home economics lab (then called the cook lab) on the third floor. President Birdwell's office, along with other administrative offices, the bookstore and various classes were on the main floor.

Thomas J. Rusk building 1925

The first floor (then known as the basement) was the site of the physics, biology and agricultural departments.

SFA remained a small school of several hundred students until after World War II, when the GI Bill increased college enrollment across the nation. The returning veterans were interested in academic programs beyond teacher education, and the institution responded by installing a broader range of offerings.

This growth continued to the point that in 1969 the legislature changed the name of the college to University and established an independent Board of Regents for SFA.

In 1924, Frank S. Aikman, president of a hair tonic company in Nacogdoches, donated \$12,000 for the construction of the University's gymnasium known as Aikman Gym. Coach Bob Shelton, who has been called "the father of SFA Athletics," was from San Marcos. He was the only athlete in Southwest Texas history to letter in all four sports (football, baseball, basketball and track) in his four undergraduate years. Shelton was in charge of all physical education for men at SFA in 1925.

The Lumberjack football team played its first game against Center High School with a win of 120 to 0. This game is still on the record books as the highest scoring game in Lumberjack history. This game was played on the original football field named Birdwell Field located where Units I, II and III are now.

Before Aikman Gym was complete, basketball games were played on dirt courts on the high school campus.

Wisely Hall 1939

Wisely Hall was established as the first dormitory on campus in 1934. This dorm was designated for men. The school cafeteria was located in the basement of the hall.

All women under 30 years of age attending SFA had to live in an approved boarding house. The only exceptions were women living with their parents, an aunt or a sister.

Social visits in dorms were on Saturday and Sunday nights and Sunday afternoons only, on the porch or the parlor. The opposite sex was not allowed to stay past 10:30 p.m.

All students were required to get permission before leaving town.

"After 26 years, I think it's time for a change," said Bob Sitton, former director of the Alumni Association.

Sitton retired his position after almost three decades to become the new director of public relations for the Alumni Association. "I want to hit the road to tell our story to former students and try to raise more money for scholarships," he said.

Sitton will be replaced by Dr. Miles McCall, professor of communications and adviser of student internships. "We need someone with new ideas that wants to make the organization a better place," said Sitton. "I'm confident that we hired the man to do it."

Though he will miss his co-workers, some of whom he has worked with for 20 plus years, Sitton is looking at the perks of his new position. "Not only do I get to talk with the alumni on a more personal, one-on-one basis, I will also have a little more free time for traveling and golfing," he said. As the director of public relations, Sitton has the opportunity to find prospects all over the U.S. and possibly other countries.

In his time as director of the Alumni Association, many achievements have been accomplished. The annual Alumni Association Awards Luncheon gives recognized honors to the year's most distinguished professor, the SFA outstanding young alumni, the outstanding graduates and former graduating classes. They also sponsor an outstanding coach of the year for coaches that have graduated from SFA.

The Alumni Hall of Fame, the directory program and the alumni magazine were also started. "The quality of the magazine has vastly improved, and it's a great way to

keep people informed," Sitton said. "It tells about new scholarships, updates people on what's happening at SFA and, unfortunately, the deaths of alumni."

Sitton is very proud of all the association has done toward building up the endowments and being able to give out more scholarship money. "We have hit \$10 million in permanent endowments, and we use the earnings toward scholarships," he said. "Right now we are awarding \$600,000 plus this year to students."

Sitton is also proud of the fact that former students gave money to help toward expansion of the alumni office and the amount of scholarships that are awarded due to the money donated by alumni. "In 1973, we only gave out two scholarships," he said. "Now, 24 years later, we are giving 500."

With 26 years of great accomplishments behind him, Sitton is looking to make many more and benefit SFA in the best way he knows how.

ORGANIZATIONS

Stephen F. Austin's Diamond Anniversary

Alumni Association

The Alumni Association is a non-profit organization. It is governed by the officers and directors of the Association, which administers the permanent Life Membership Endowment fund of more than \$1 million.

Over \$600,000 in scholarship funds were awarded to 500 students during the 1997-98 year.

Organized in 1928, the SFA Alumni Association maintains an active office on campus to foster good fellowship and loyalty among former students and friends, to encourage the educational ideals for which the University stands and to promote general interests of the University.

The Association's goal is to promote the welfare and spirit of SFA by enlisting alumni to become members and encouraging their support of the Association's activities such as the Duck Dash, golf tournaments, auction and other Homecoming events.

Joining the Alumni Association is the best way to keep in touch with the activities and events happening at SFA. You'll discover that becoming a member is rewarding, valuable and most of all, fun.

Simply pick up the phone, call us at 1-800-765-1534 and join.

Alumni President Jackie Cannon entertains the SFA Pom Pon girls.

The 1997 Distinguished Alumni: Herman "Rip" Byrd, Ray Rinker and Nelson Rusche.

Ed and Gwen Cole

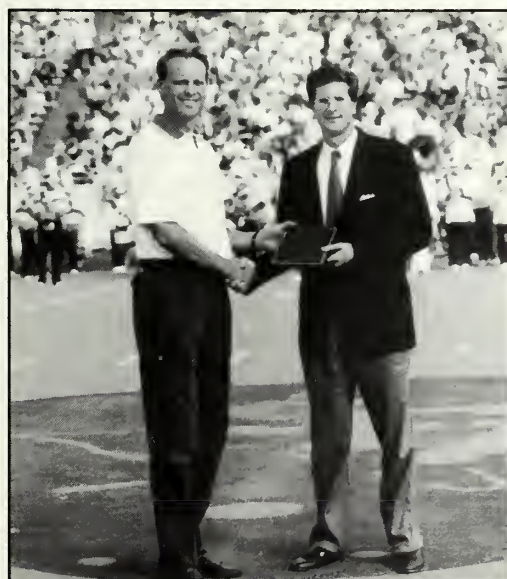

Ron and Elaine Adkison

Darrell Holt sounds the horn to call the ducks to the starting line at the annual Duck Dash.

Above: The Coles and the Adkisons battled back and forth at the alumni auction. The Adkisons were bidding to keep the street that runs in front of the Austin Building named after the late Homer Bryce. The Coles held out and purchased the street, now named Ed and Gwen Cole Street for \$22,000.

Letterman President Dan Ostrander presents the newest winner of the Athletic Hall of Fame award to Dennis Stavinoha.

Jana and Miles McCall take their seat at the annual Alumni Banquet.

AAUW

The American Association of University Women Student Affiliates promotes gender equity, education and positive societal change. The student affiliates at SFA engage in community service and mentoring programs in the Nacogdoches area.

Rodeo Club

Membership Requirements

Must be interested in rodeo, horses, cows, boots, hats, Wrangler or Rocky Mountain jeans, C & W music, two steppin', cowboys, cowgirls, pick-up trucks, John Wayne. (One or all of the above.)

RODEO TEAM: Row 1: Holly Hicks, Clint Wade, Clay Sciba, Casey Adams. Row 2: Adam Kleczkowski, Angela Rice, Shannon Thompson, Jonathan Stewart, Justin Risner.

The SFA Rodeo Club, one of the largest student organizations on campus, strives to bring together students with a common interest in rodeo, the "cowboy" lifestyle and the heritage of the American West. Since 1991 it has held a membership of at least 140 people.

As a part of the Rodeo Club, the Rodeo Team competes in the Southern Region of the National Intercollegiate Rodeo Association. A member of the team is eligible for travel reimbursement, practice facilities, stock, coaches and limited scholarships. To be eligible for these benefits, a person must be active in the club and attend team practices as spelled out in the club constitution.

The Rodeo Club is active in the community and on campus. They have a shoe shine booth at Jitterbugs to supplement the University's travel allocation, work at local rodeo events such as the "Bull Bash" and the Nacogdoches Jaycee's PRCA Rodeo, and

have adopted a portion of Loop 224 as part of the Texas Adopt-a-Highway program.

They host their own annual NIRA sanctioned rodeo, and the club trip is to McNeese State University's rodeo in Lake Charles, La. Plans for an intramural rodeo and sports tournament are under consideration, and the club recently began offering a weekly Bible study for interested members.

A unique facet of the club is the existence of its own Rodeo Club Alumni Association, the only such club at SFA. The two clubs work together to sponsor the Alumni Rodeo as a benefit for the scholarship fund. These efforts have raised more than \$45,000 in the last five years.

A person does not have to compete in rodeo to be a member of the club. In fact, about 75 percent of the club is not active in the NIRA.

HOW TO BECOME A BULL RIDER:

"Fill your mouth with marbles and ride a bull. Every time you fall off, spit a marble. When you've lost all your marbles, then you're a bullrider."

SFA Alliance

SFA Alliance for Health, Physical Education, and Dance cooperates with the American Alliance for Health, Physical Education, Recreation and Dance as well as the Texas Association for Health, Physical Education, Recreation and Dance in the promotion of greater social and professional awareness of the importance of health and physical education in today's community.

Stephen F. Austin State University Cheerleading squad for 1997-98.

SFA Cheerleaders

The SFA Cheerleaders stay extremely busy stirring up enthusiasm in the Lumberjack sports community. They cheer at SFA football and basketball games and other SFA sporting events. The cheerleaders also participate in local pep rallies and help judge area high school cheerleader try-outs. They not only provide spirit for the campus but spread excitement about the Lumberjacks throughout the community.

National Champion Cheerleaders

The SFA Cheerleading squad was named Division I NCA Collegiate National Champions for the second time in four years when they competed April 5, 1997 in Daytona Beach, Fl.

After attending a summer camp along with groups from 50 other universities, the Lumberjack Cheerleaders were invited to compete in nationals. "From each of the camps, only 10 schools are asked to participate in nationals," said team member Jessica Nicely, San Antonio senior. "There ends up being only about 25 schools all together that actually compete."

Going to nationals was nothing new to this team, having placed in the top three since 1992 with two national division titles and a national championship in 1994.

This year, along with being named champions, the squad also placed second in the Spirit Routine competition and was named Best Squad All-Around in camp.

While competing on an outdoor concert stage at the Adams Mark Hotel in Daytona Beach, the squad found themselves with the highest score of the day overall, including more prestigious schools in higher divisions. Then came time for the Grand Championship.

"In the Grand Championship, all divisions compete," said Nicely. "The problem was, we had to re-perform for a score."

"If the judges had taken our original score, we would have won it. Since we were forced to perform again after a long day in the sun, our score was lower, and we fell behind to North Carolina. Unfortunately, there isn't a second place," she said.

Junior colleges and Division I colleges had to repeat their performances for TV purposes, and those were the scores taken to determine Grand Champion, according to Nicely.

Becoming national champions is not an easy task. The team is required to practice three times a week in two-hour intervals in the fall semester, not including the sporting events in which they perform. The spring semester involves a heavier workout practicing six days a week for two hours a day in preparation for the next championship competition.

Living up to the title of National Champions might be difficult for the typical cheerleading squad, but for the Lumberjacks it is as easy as your average cheer.

Student Foundation Association

Students show their school spirit during the traditional Jack's Back Spirit Rally before the first home football game against New Mexico State.

Members stop by The Ball Park at Arlington during a regional conference.

The purpose of the Student Foundation Association is to cultivate a sense of loyalty within the SFA student body as well as provide students with an opportunity to serve SFA through programs designed to raise funds for the University. The Student Foundation is a means of linking students with University administrators and alumni, as well as a means of working together with other students to advance SFA.

The three primary functions of the Student Foundation include building SFA spirit and pride among students, raising funds for SFA student leadership scholarships and hosting University-sponsored events.

The Student Foundation Association supports and promotes SFA by building community-minded service leaders. These students are responsible for raising scholarship funds and building goodwill among SFA students and alumni. Foundation members also help educate and prepare students for future roles in support of the University and provide opportunities for the development of student leadership.

Griffith Hall

Griffith Hall, located off North Street on the SFA campus, houses 536 women. It was built in 1964 and was named after Martha Griffith.

Their busy social calendar includes: Parents Day, a Halloween party, a Christmas Extravaganza, Health Week, Welcome Week, and Family and Friends Weekend.

Hall 10

Hall 10 is the home away from home for 150 women on the SFA campus. Hall 10 is part of the Academic Enrichment Learning Center. The hall has a reputation for maintaining a close family atmosphere and providing quality programming.

The active hall association calendar includes: secret pals, recycling programs, Freshman Survival Week programs, food drives and cultural diversity programs.

Hall 14

Hall 14 is located on the eastside of campus between Steen Hall and East College Cafeteria.

Hall 14 is active in all types of programs ranging from intramural sports to "been there done that" and from speakers to hall cook-outs.

Hall 16

Hall 16 is home for 400 men at SFA. The hall association has spent its money improving the hall. They have a brand new lobby with a showcase, bar stools and ceiling fans, an outdoor barbeque, horseshoe pit and a ping-pong table. The hall annually sponsors Fright Night, and is heavily involved in Parents Day, Homecoming and Family and Friends Weekend.

Hall 20

Hall 20 is centrally located by the SFA Ag Pond and Homer Bryce Stadium. It is one of two co-ed halls on campus. It is also home for most of SFA's athletes and houses 384 students.

The hall is active in the Athlete Auction, and the Hall Association is most noted for its Hall 20 Season Seats along the end of the football field.

Kerr Hall

Kerr Hall is home for 536 students at SFA. The ladies who live in Kerr are very active in many organizations including RHA. Kerr Hall was awarded Hall of the Year in 1996, and the residents are looking forward to trying to achieve the same honor this year.

Mays Hall

Mays Hall was named after Ruth D. Mays and was built in 1950 to house women. In 1962, the hall became the home for the health clinic. Then, in 1975, Mays was turned back into a residence hall, this time for men. In 1992, it was made into the male Academic Enrichment Learning Center and now houses 153 students.

Mays Hall has won several Record Breaking Weekend championships and Hall of the Year honors.

North Hall

North Hall is an all-female residence hall which houses 94 women.

The residents participate in the Hall Association, RHA and many social and service activities.

South Hall

South Hall is the Academic Excellence Living Center, a quiet place to live for students with high academic standards.

The South Hall Association and staff present numerous programs throughout the year including a Jeopardy-style floor meeting, Parents Day, Potluck Lunch and talent Show, and the Annual Battle of the Sexes Competition.

Steen Hall

Steen Hall is the largest residence hall on campus, with two 10-story towers housing more than 700 SFA women. It was built in 1966 and is named after Gladys E. Steen.

Each year, Steen Hall Association plans Parents Day, Homecoming and Family and Friends weekends, always drawing a huge turnout. They also host a variety of other programs including the Ice Cream Social, blood drives, Holiday Extravaganza, Spring Eggstravaganza and a scavenger hunt.

The Units

In the past, Units has housed a variety of occupants including Army reserves and Don Henley. Now, it is home for 215 male SFA students.

The active hall senate sponsors activities like a campus-wide midnight bowling party.

Todd Hall

Todd Hall is the home of 78 shining stars. It was formerly a male hall, but now the female residents have turned it into a home away from home. Todd Hall has an awesome community and friendly residents. Todd Hall actively participates in Residence Hall Association and supports all other organizations. Todd Hall is run by a Hall Supervisor, Assistant Hall Director, two Resident Assistants and seven Desk Assistants.

Wilson Hall

Wilson Hall, home to 247 Lumberjacks, takes pride in being the only all-male non-smoking residence hall on campus.

Its social calendar includes sponsoring blood drives, being active in intramural sports and participating in RHA.

Commemorating 30 Years of the Battalion

Commitment. Confidence. Discipline. Leadership.

The Reserve Officers' Training Corps (ROTC) unit is making SFA history in 1998 as it commemorates 30 years as part of the SFA campus life.

ROTC, better known as the Lumberjack Battalion, was established on November 20, 1968, when Dr. Ralph W. Steen, president of SFA, established the program replicating Texas A&M's core of cadets.

A college program that provides well-trained officers for the United States Army, the United States Reserve and the Army National Guard, the Lumberjack Battalion is widely involved in community and school activities.

The Ranger Challenge Team, a developmental group that challenges the physical and mental skills of cadets, took the place of the Austin Raiders formed in 1968. They repel from University buildings during Parents Day, compete in the Ft. Hood Brigade Ranger Challenge, fun-runs and cross country events and for the first time competed in the annual "Army 10-Miler," a race that takes place at the Pentagon in Washington, DC, placing third.

The Austin Guard, also known as the color guard, was formed in 1970 to promote "esprit de corps" throughout the University and community. It presents the colors (the national, state and school (ROTC) flags) at home football games, parades, community activities, veterans' organizations and other events.

The Stone Fort Battery is a spirit organization within the ROTC program that fires "Ol' Cotton," a 75mm howitzer cannon, at football games and other events to promote "esprit de corps" throughout the University and the battalion.

The Pershing Rifles is an inner military fraternity open to all cadets that participate in drill competitions with rifles, marching events and a conference located in Florida.

The Lumberjack Battalion performs community service throughout the year, including working the concession stands at home football games.

Becoming a member of the Lumberjack Battalion has its standards. According to Cdt. Cpt. Clint Korenek, meeting the Army Physical Fitness Test's (APFT) standards, which requires a run, push-ups and sit-ups, giving of a selfless commitment, maintaining one's physical appearance and keeping one's GPA above 2.0, are several aspects of membership in the organization.

The freshman-level courses, open to all students with no military obligation, provide the cadets with training in various skills in the classroom and laboratory. The sophomore-level courses take all the information the cadets learn their freshmen year and apply it to small unit leadership. The cadets' junior year is focused on preparing them for a five-week summer evaluation at Ft. Lewis, Washington, called Camp Adventure. "The camp is designed to thrust each cadet into leadership positions and be evaluated on their leadership skills and decisions," Cdt. Cpt. Korenek said. "This evaluation decides your future in the U.S. Army." The senior-level courses prepare the senior cadets for transition from cadet to Second Lieutenant, and at the end of the senior year the Army determines the cadet's future in the military.

The transition serves its purpose, taking cadets and turning them into future leaders, according to Cdt. Cpt. Korenek.

And, the Lumberjack Battalion has done just that. The battalion has commissioned more than 376 officers into the U.S. Army; seven to 10 are now colonels, and one is a general.

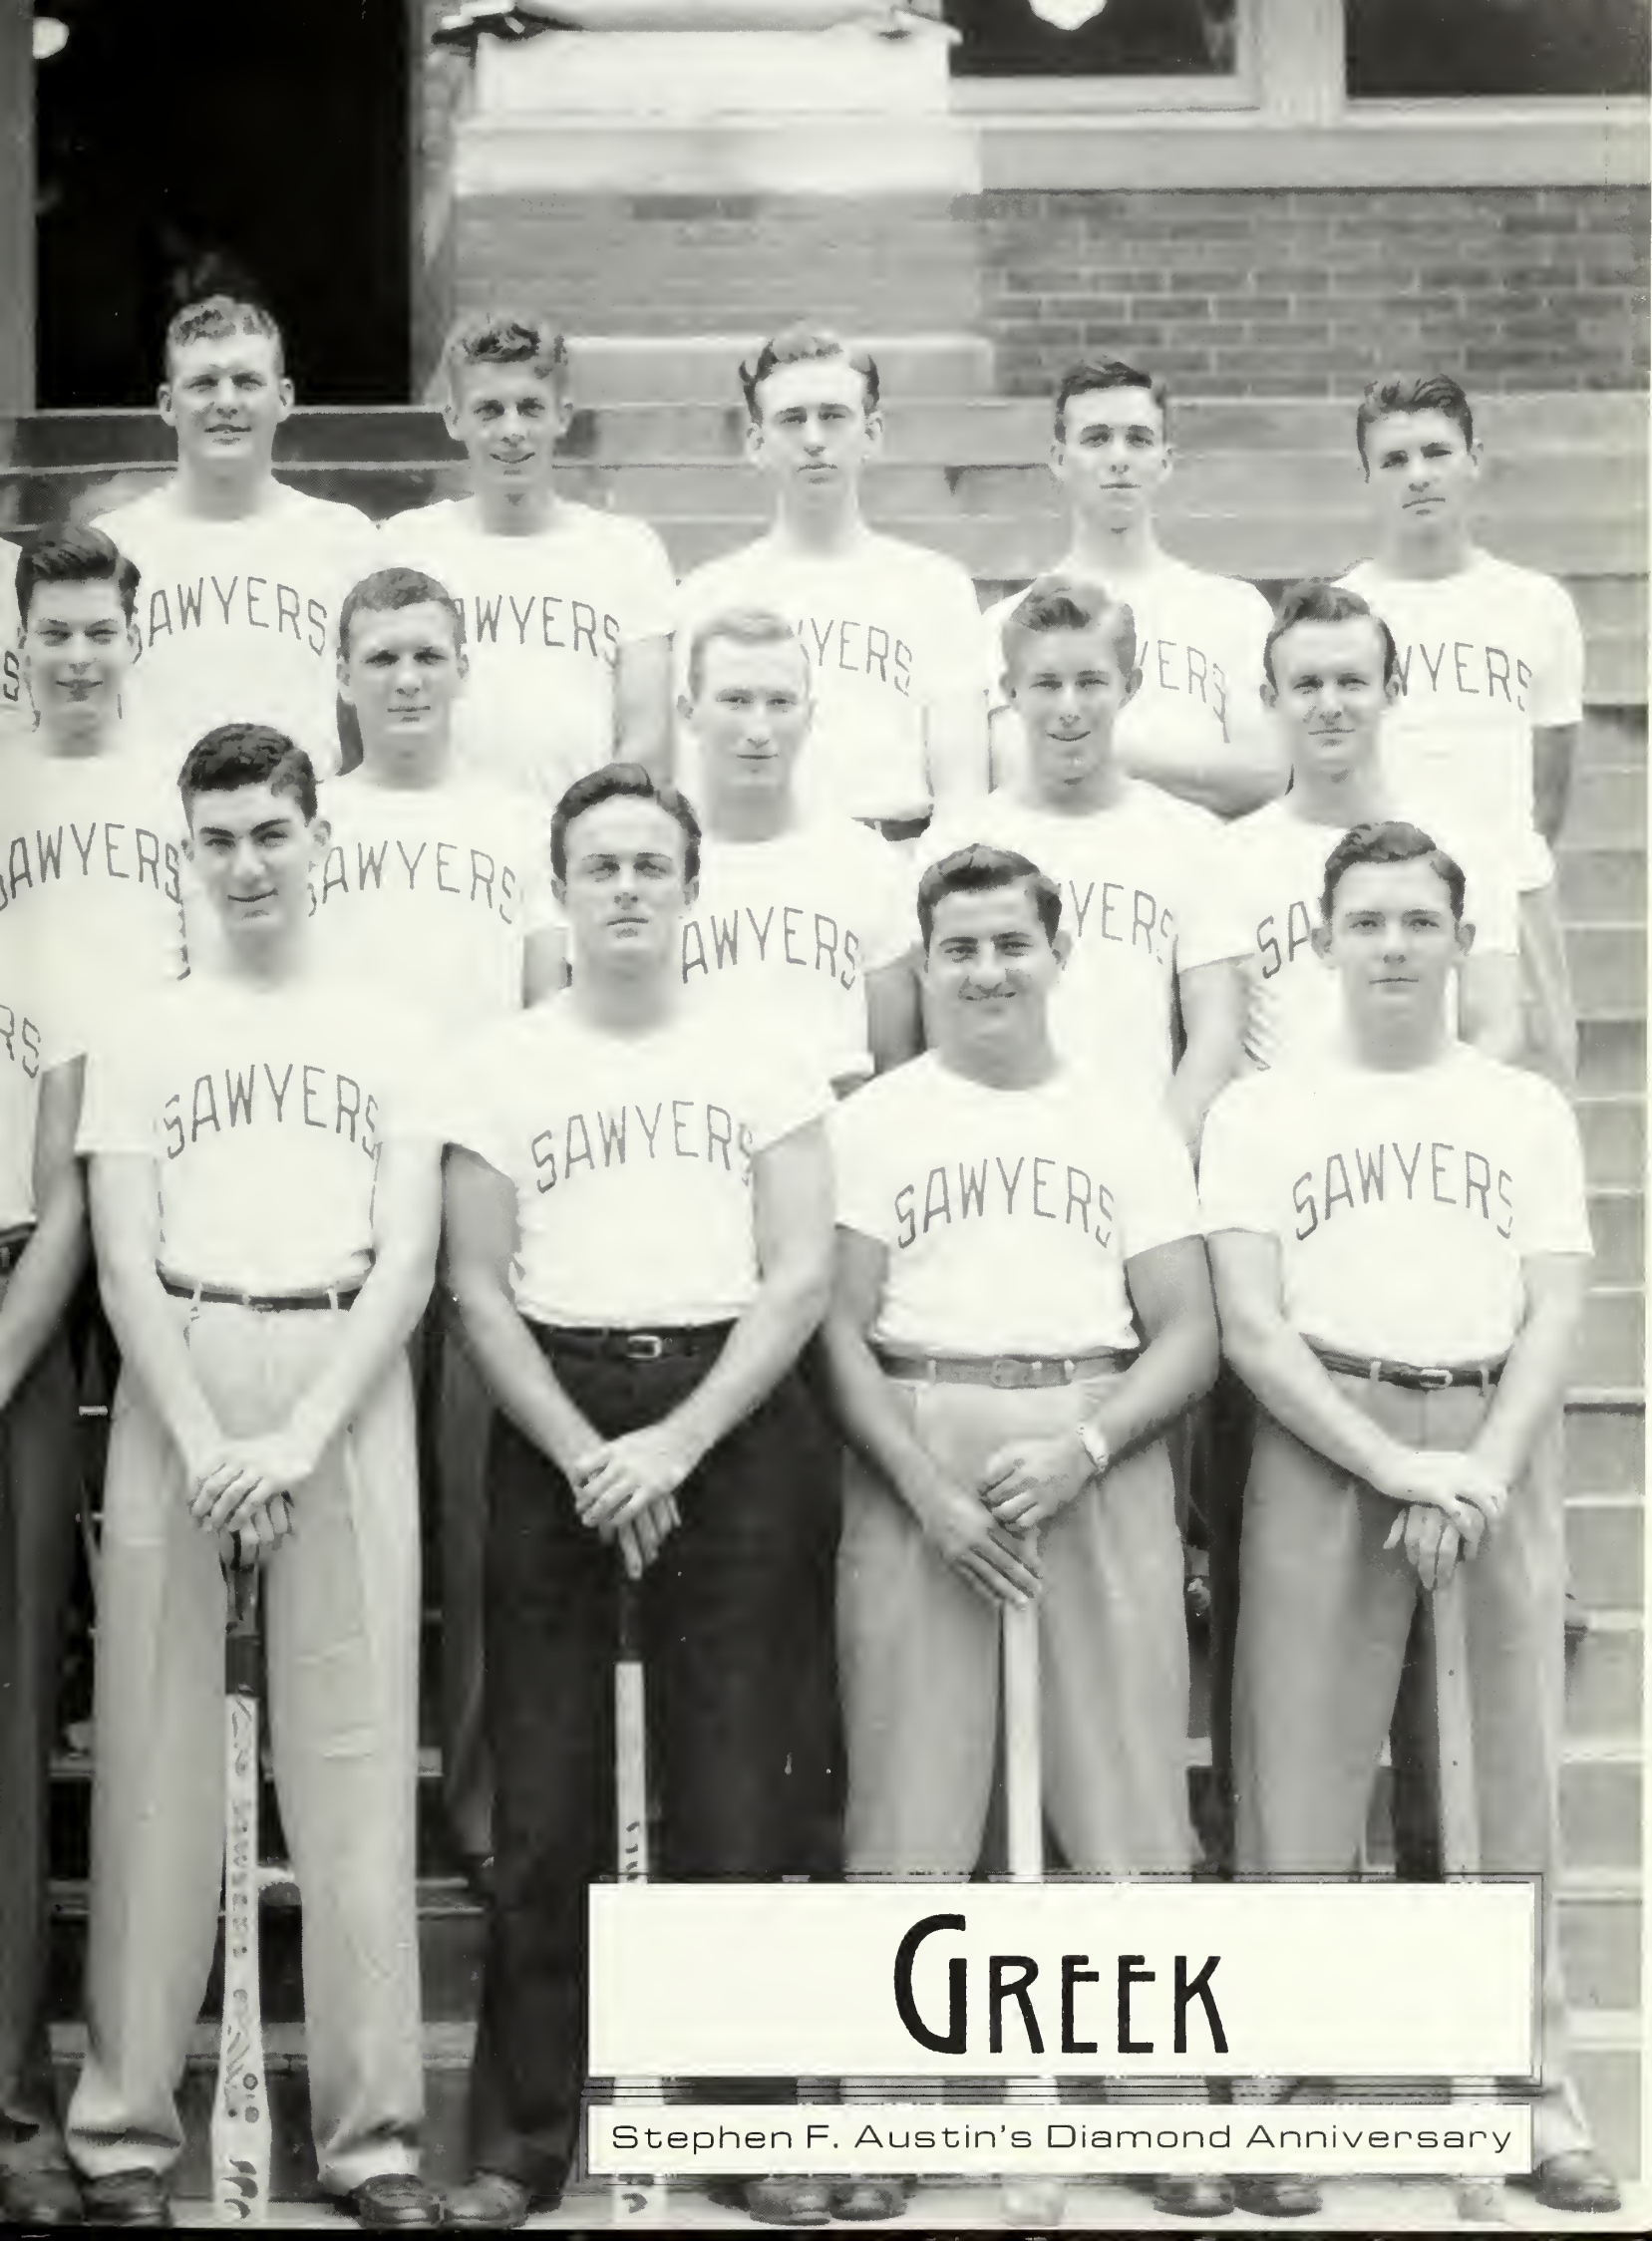

"The Lumberjack Battalion has evolved over the years," Dr. James Standley, Dean of Applied Arts and Sciences, said. "It is the only department that guarantees every graduate a job; it provides leadership skills and training, time and money management, knowledge of world affairs and prepares you for any type of career," he added.

Cpt. Mark Altman, cadre (professor) for the cadets, said, "Today more advanced skills are being taught, and a lot of officers over the cadets are amazed by what the cadets already know."

With that advancement and skills intact, Dr. Standley hopes to see the Lumberjack Battalion continue and prosper in the future at SFA. "The opportunities the program provides to students, the tremendous assets, the leadership skills and training provided and the self discipline the students learn about themselves is why I would like to see the ROTC program continue into the future," Dr. Standley said.

MR. AND MISS SFA

Manny Scott Menard received this year's Stan McKewen Mr. SFA honor. Menard is a senior marketing major from Kingwood, and a 1994 graduate of Kingwood High School.

He is the son of Kathie Menard of Humble and Robert Menard of Fairfield, Ca. Mr SFA is also the grandson of Paul and Dot Louviere, and Edith Lassard, all of Lafayette, LA.

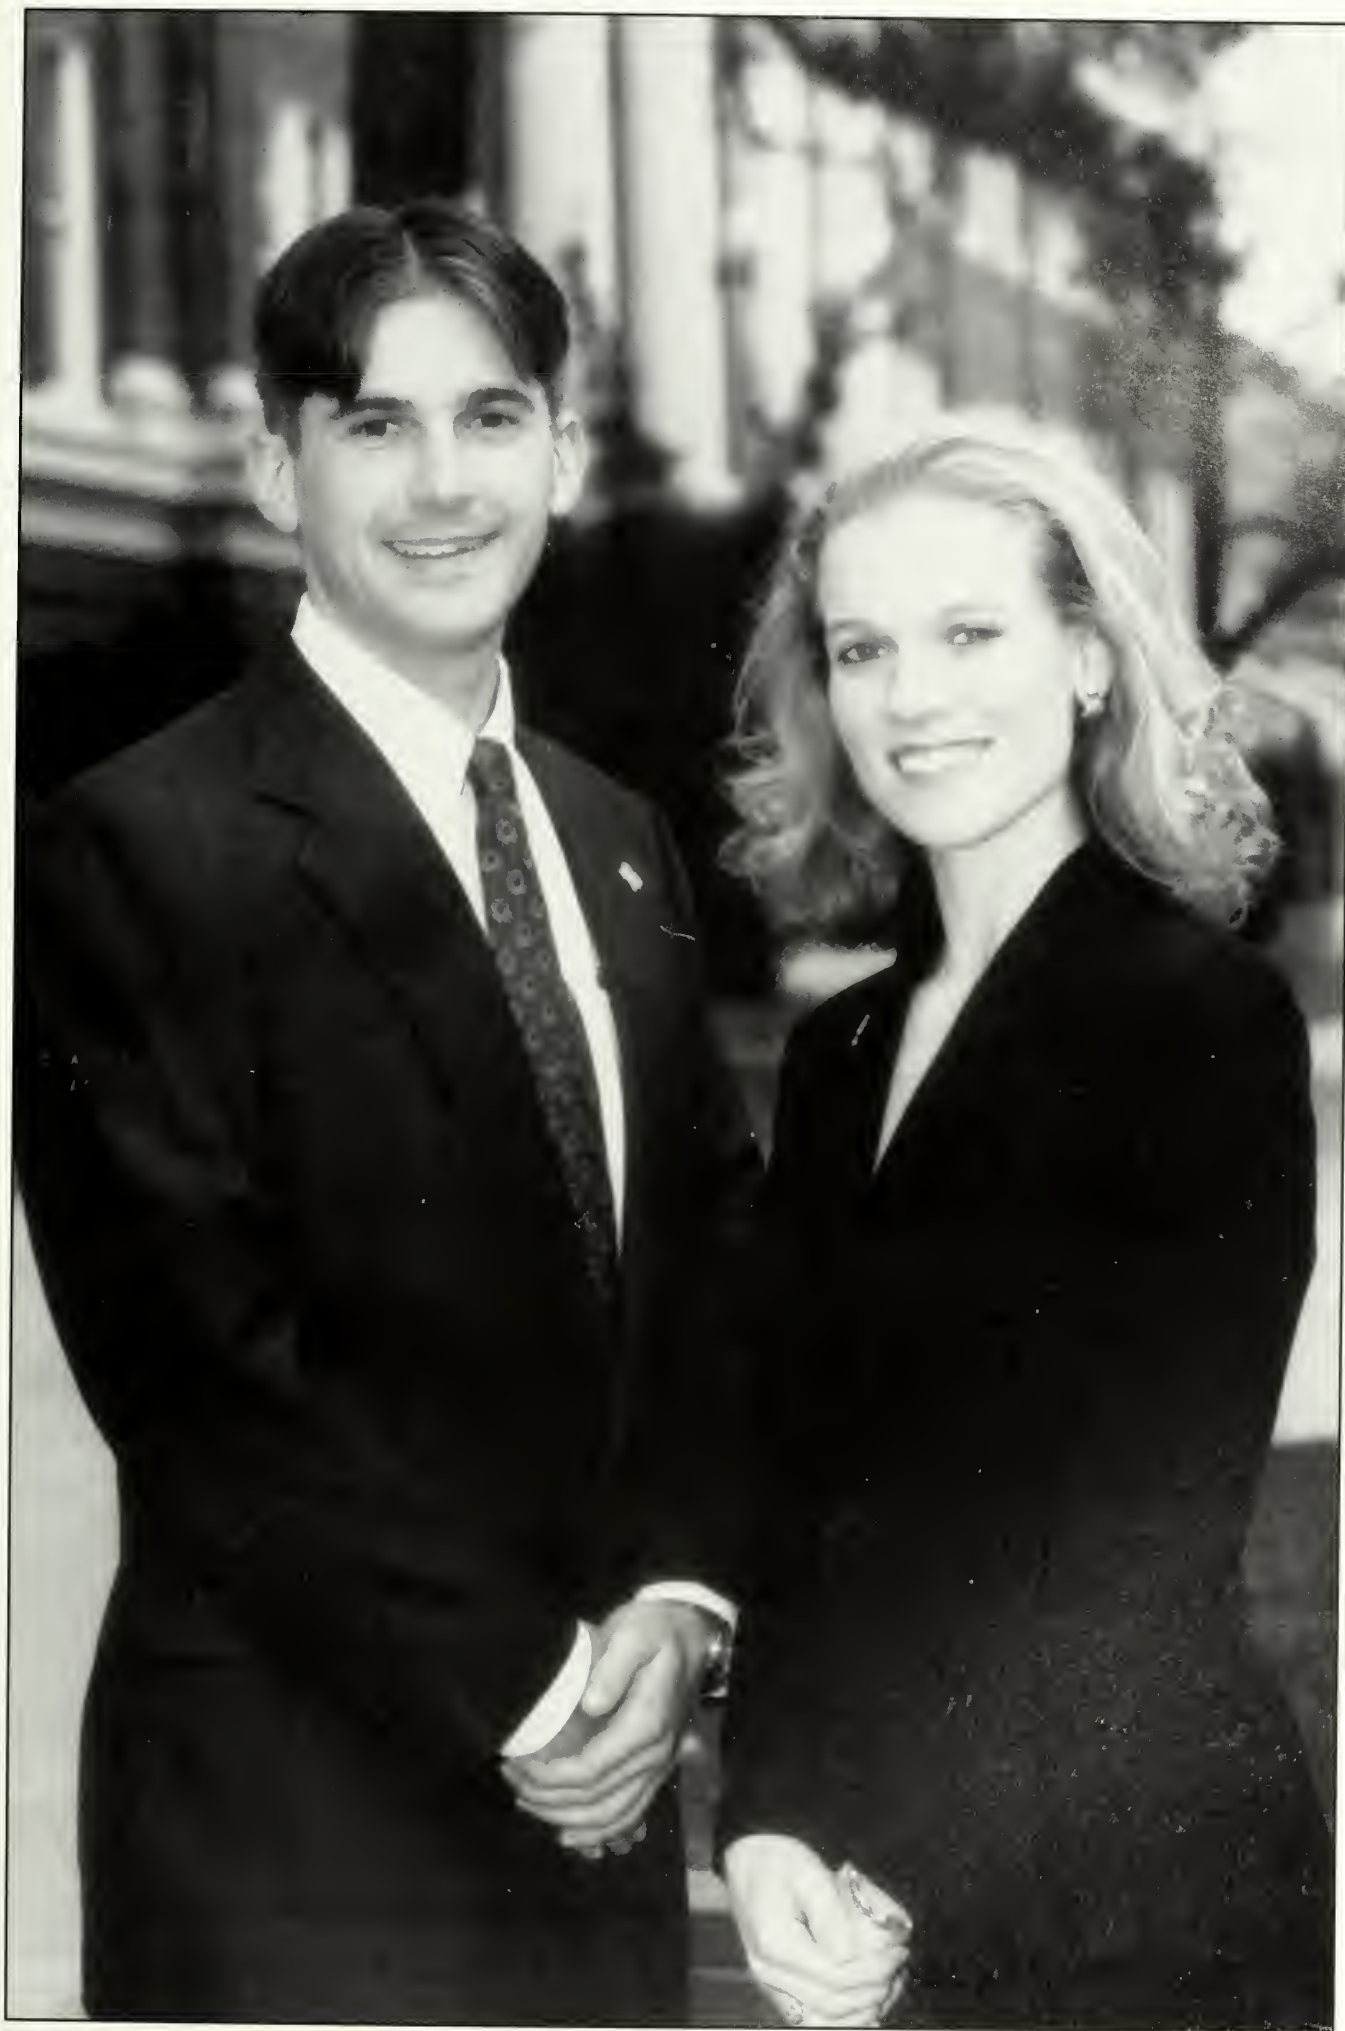

Menard is active in Tau Kappa Epsilon, Student Foundation Association, Student Government Association and Order of Omega and Beta Gamma Sigma. He is listed in "Who's Who Among Students in American Universities and Colleges."

Laura Ann Martin is the recipient of the 1997 Arnodean Bolton Covin Miss SFA award. A 1994 graduate of New Braunfels High School, she is a senior speech pathology major at SFA.

Martin is the daughter of Tonya and Fred Faris of New Braunfels, and Dennis and Linda Martin of San Antonio.

Martin's honors include the Dean's List, President's List and "Who's Who Among Students in American Universities and Colleges." She is active in the Student Government Association, Student Foundation Association and Alpha Chi National Honor Society.

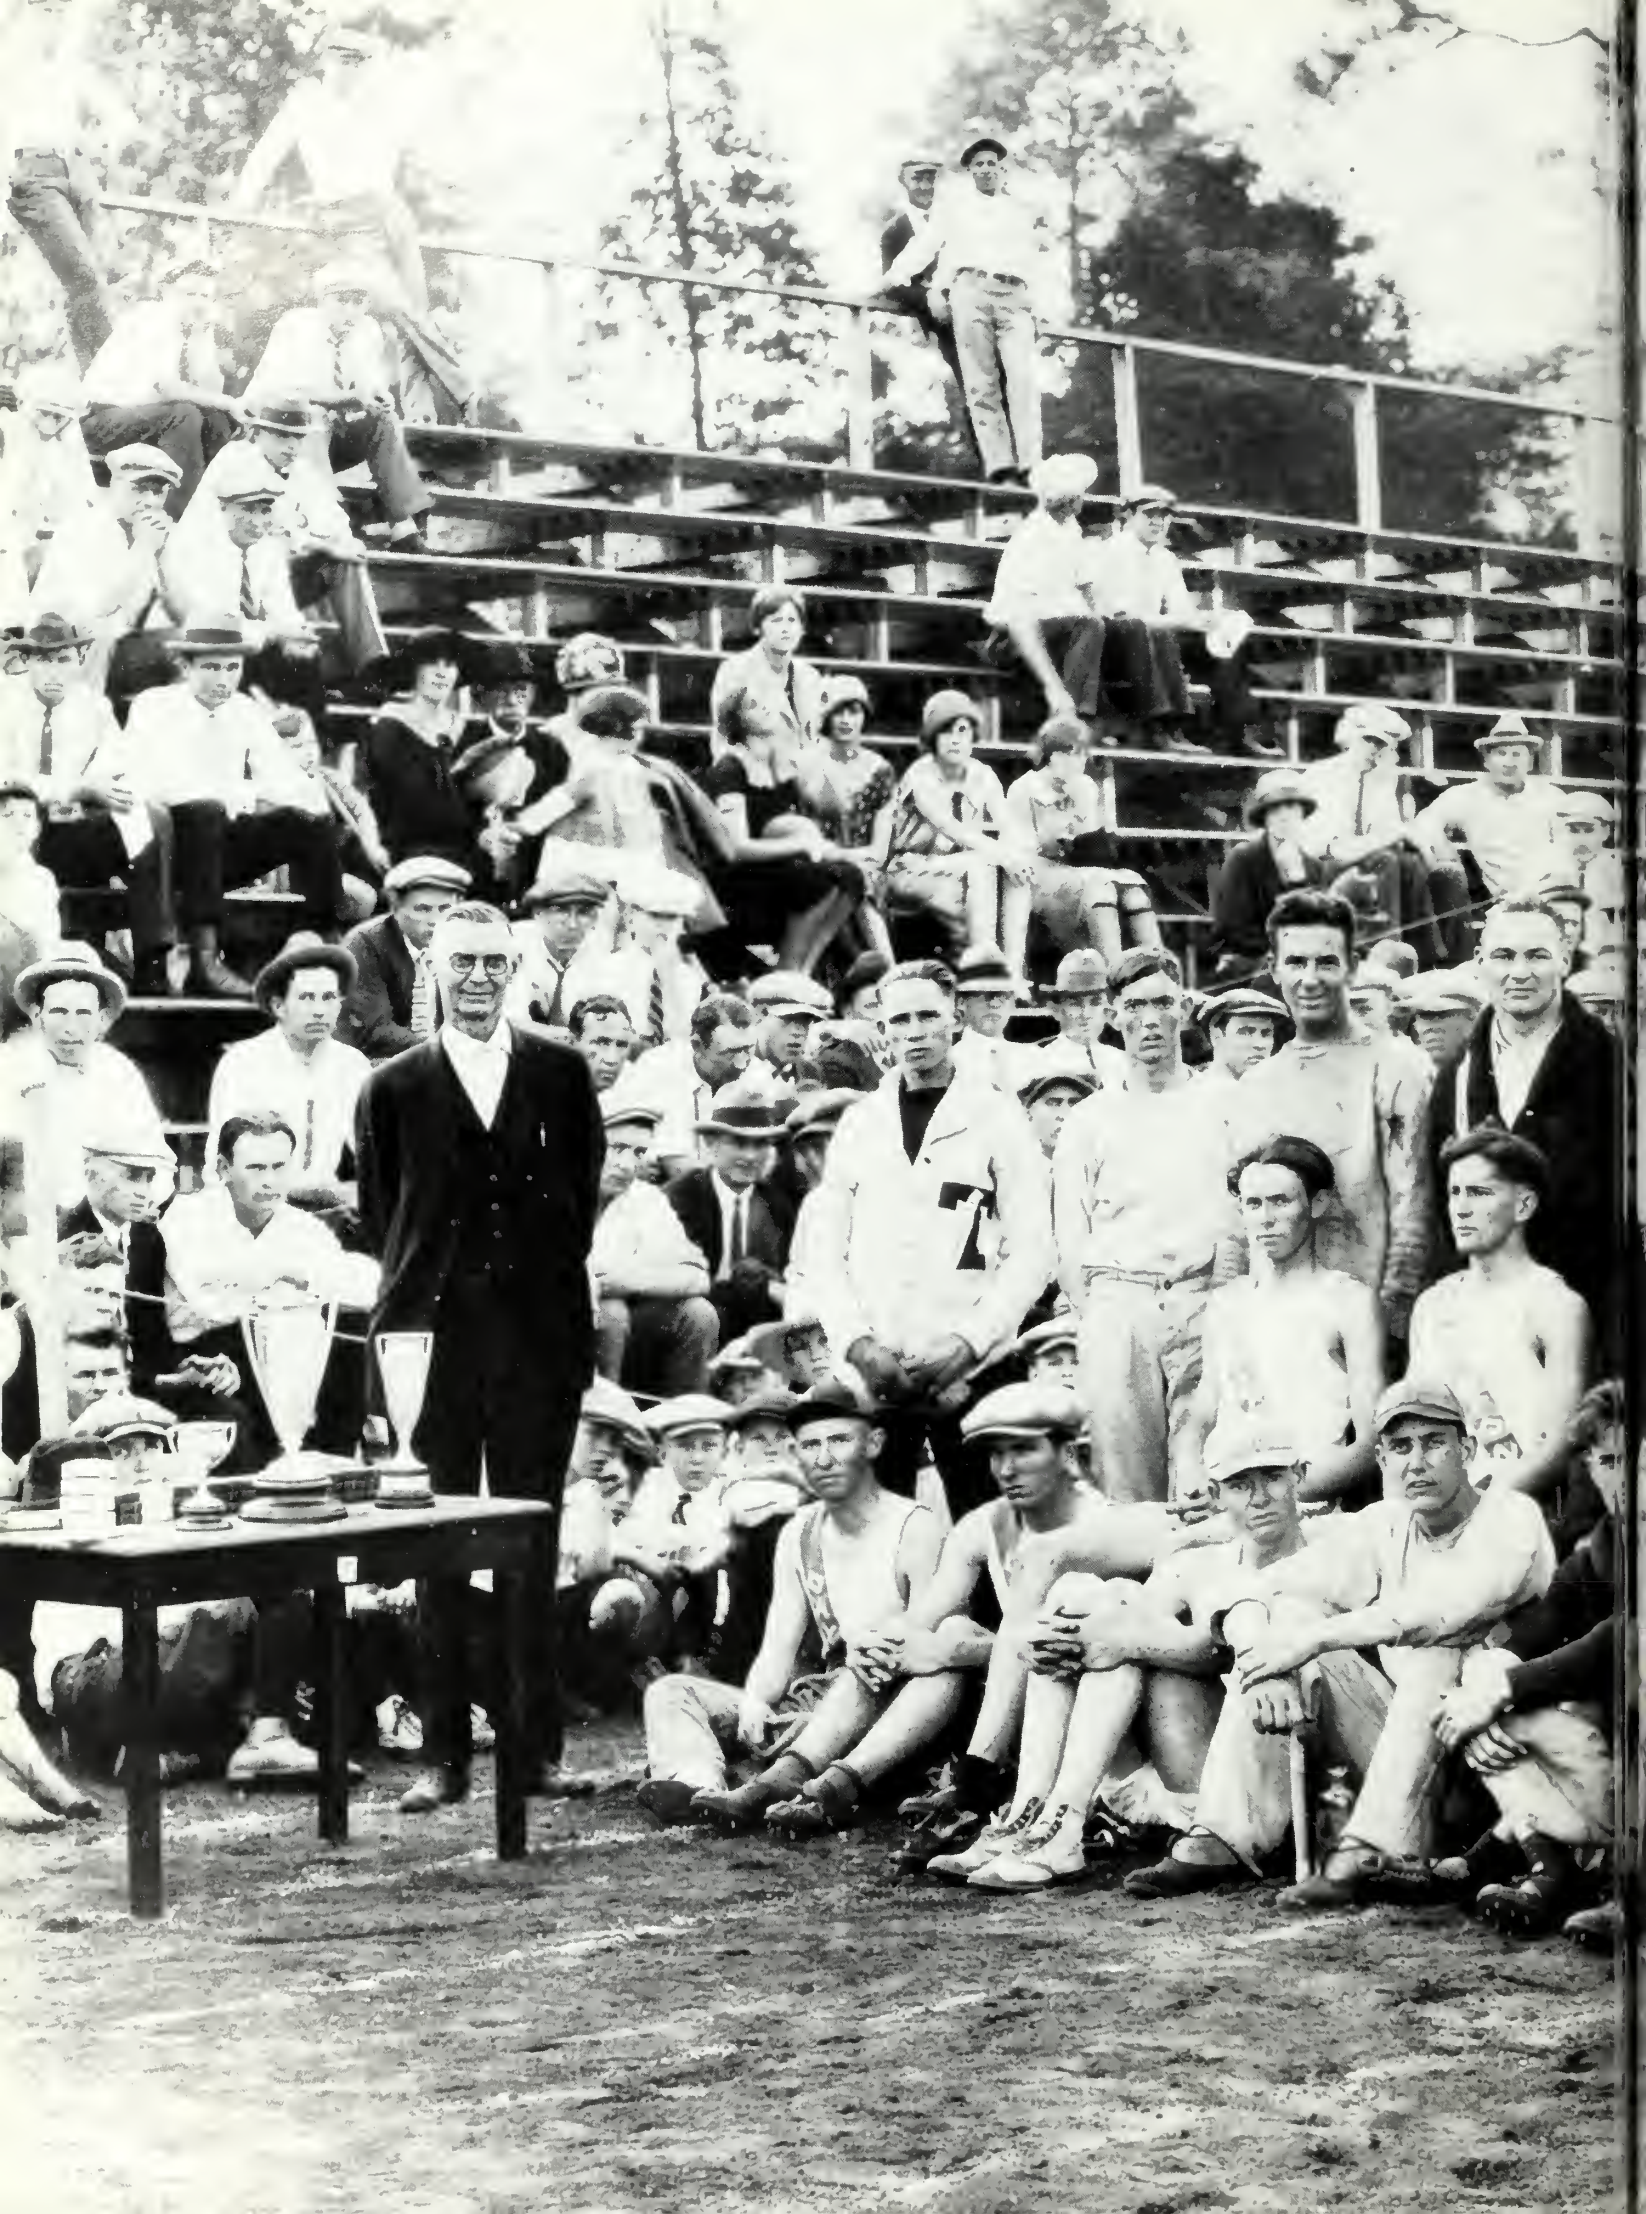

The students were selected based on their scholarship, participation and leadership in academic and co-curricular activities, citizenship, service and loyalty to SFA.

VIEW FROM THE CHEAP SEATS

By Kelli Mack and Geneva Whitmarsh

They have the best seats in the house. At least that is how Jarvis Hill and Henry Howard look at it, having to watch the majority of their games from the sidelines.

Hill, Dallas senior, was recruited out of high school with a full scholarship as a quarterback for the Lumberjacks, yet he has never experienced the thrill of the first snap of the game. Underclassmen have come in and been put in the starting position, while Hill is forced to watch. And although he doesn't want to deny his teammates any of their moments of glory, he finds it frustrating to watch others do what he knows he does well.

"It's very discouraging, and I feel there are many times I should have been playing," Hill said. "I realize that is part of life, and I can't sit around and dwell on it."

"I work really hard and do what the coaches ask in order to better myself. The way I look at it, I've been here so long it doesn't really bother me anymore," he said. "My main purpose here is to get an education and finish school."

In a situation like this, one might wonder why he remains on a team in which he isn't often in the spotlight. "I have a full scholarship, and that is why I worked so hard in high school so my parents wouldn't have to pay a dime for my schooling," Hill said. "I have thought many times about quitting when I get discouraged, but my parents and high school coaches have told me to stick with it."

Although he doesn't see as much playing time as some of the other players, Hill participates in every aspect of game preparation.

"I do everything the other players do, and we all work equally

as hard," he said. "I'm really not treated any differently, but all teams obviously have their favorites."

"All I know is that I don't regret playing ball, and I've loved every minute of it."

Hill will be graduating in May with a degree in kinesiology with hopes of returning to Dallas and getting a coaching job. "I hope to coach football, but if they pay me more to coach golf, that's what I'll do."

Howard, Waco freshman, started his career with the Lumberjack Basketball team as a redshirt. He was two players out of 16 selected for a walk-on position with the Jacks.

Since that time, Howard has practiced religiously with the team, putting in two hours of practice daily and working on numerous drills and scrimmages in an effort to improve his form.

His regime includes lifting weights three times a week. At 160 pounds, Howard is the smallest member of the team and hopes that by lifting weights he will be able to improve his own. He also makes an effort to hit 100 three-point shots after each practice in an attempt to strengthen his shooting.

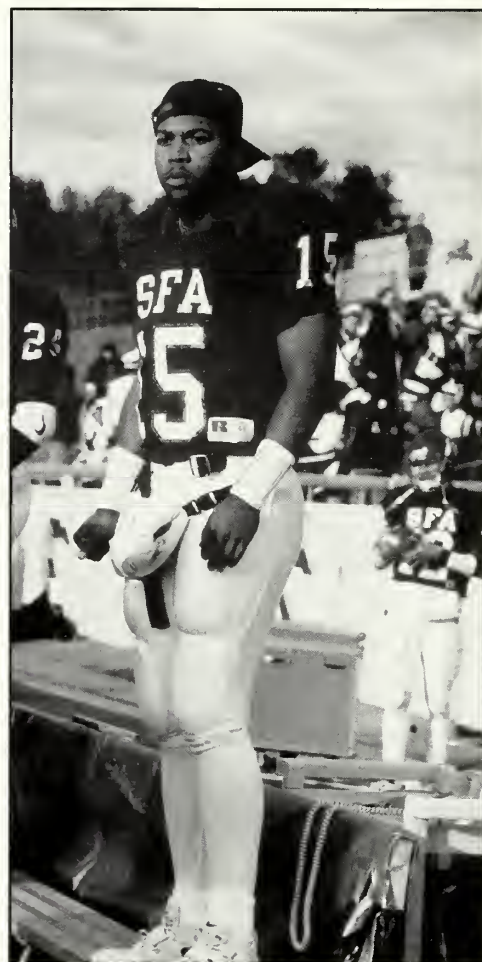

However, despite his hard work, Howard said he is not looking to be a starting player.

"I probably won't start until my senior year, but I'm really not looking to," he said. "I just want to play when I can and do what the coach wants me to."

Howard has seen playing time this season for various reasons and said the time he spends on the court motivates him to perform even better in future games.

Because Howard knows he may be called on at any time to replace an injured player, he focuses on the game at hand as though he were on the court involved in the action.

"When I'm on the bench during a game, I think about where I should be and what I would be doing if I was in the game," he said. "I see things I think I would do, but it's so different when

Jasek

you're actually out there."

Howard's relationship with his teammates plays a large role in what he has accomplished while on the team.

"I had a teacher who played at Oklahoma State University and he kept telling me I wouldn't be respected by the other players as a walk-on. However, once I got to know the other players, we all became friends and I can count on the players who have been on the team for a few years to help me when ever I make a few bad plays. They really guide me."

Despite his time on the bench, Howard said he is experiencing a "dream come true."

"Playing division one NCAA basketball is great because you can't get any higher," he said. "I came from a school of 200 and there were people who said I would never get as far as I am now."

"There were also people who said it wasn't worth it to spend 20 hours a week on basketball, but I know that I'll never be able to have this chance again in my lifetime. It's definitely worth it."

LUMBERJACK FOOTBALL '97

After 22 seniors graduated following the 1996 season, the Lumberjacks were picked to finish fifth in the Southland Football League. SFA had a strong start that included a Homecoming victory over No. 2 McNeese State despite the team's youthful cast of characters.

The 1997 Lumberjack football squad had a daunting task—to claim a Southland Football League title. An injury bug had taken right out from under them during the 1996 football season.

The 1996 Lumberjacks fell just short, posting a 7-4 overall record after taking a dive toward the end of the season due to injuries to All-American linebacker Jerrell Trotter and several other starters who were forced to watch from the bench as the Jacks lost the last three games of the '96 season.

But 1997 was supposed to be a different story for the highly touted Lumberjacks with the return of Trotter and the sure-handed Mikhael Ricks at wide receiver. Both had season-ending injuries that kept them from seeing action in the last three games of the 1996 season.

The Jacks began their quest for the hardware at home against two NCAA Division II cream-puffs—West Texas A&M and Delta State. The Jacks won both of those games going away, 35-17 and 35-13, respectively.

The only challenge for sixth-year Lumberjack head coach John Pearce in the first two games was deciding who would take the opening snap for SFA with two capable signal callers, Peyton Jones, Houston sophomore, and Travis Fallon, Corpus Christi freshman. The quarterback controversy was easily settled, however, when Fallon suffered bruised ribs during the second quarter of the Delta State game. That opened the door for Jones to up his record as a collegiate starter to 3-0 and win the starting job with a solid performance, completing eight of 12 passes for 240 yards and three touchdowns against Delta State.

After opening the season with two convincing wins, the 14th-ranked Jacks took the show on the road with revenge in their hearts and minds when they faced the defending national champion Montana Grizzlies. The last time SFA visited Montana it was handed its head in sub-zero temperatures in the NCAA I-AA semifinals in Missoula, Mont. in a 70-14 lashing by the Grizzlies. Then Montana quarterback Dee Dickenson lit up the Jacks' Purple Swan defense, passing for 370 yards and five touchdowns before the gun sounded to end the first half. If moral victories exist, the 1997 Lumberjacks' 24-10 loss to the Grizzlies just might very well be one. The Jacks finished the contest ahead of their opposition in almost every statistical category. SFA finished

Jasek

way with 17 first downs and 327 yards to Montana's 13 first downs and 291 yards. Even though Jones threw for 200 yards in the 11th start of his career, he also threw three costly interceptions that Montana capitalized on. The Jacks led at the half, after KaRon Coleman, Missouri City sophomore, capped SFA's lone touchdown drive, giving the Jacks a 10-3 halftime edge.

The very next week the Jacks bounced back in the friendly confines of Homer Bryce Stadium, pulling out a come-from-behind 17-14 victory over the New Hampshire Wildcats. In front of a Parents Day crowd, the Jacks found themselves down 14-7 in the fourth quarter. Luckily, the special teams found a way to pull not one but two rabbits out of their hats. The first magic act was performed by second-string punter Turner Scott Lindsay, Galena Park freshman, who was filling in for an injured Coleman. Lindsay fielded the punt and returned it 53 yards to the Wildcats' 13 yard line, and the Jacks drove it straight to pay dirt on a two-yard touchdown run by Pat House, Brooks junior. The next gag involved a little more smoke and mirrors by the Lumberjack coaching staff after a stalled drive with time winding down. For their grand finale and last ditch effort, the Jacks sent the punt unit onto the field to execute what appeared to be a "pooch" kick by punter Chad Stanley, Oregon junior. Instead, Stanley took the snap and lobbed a high looping spiral in the direction of Zach Woods, DeSoto sophomore, who ran down the sideline and positioned himself underneath the toss in order to draw pass interference call from the officials. A few plays after the flag was thrown, place kicker Ryan Smith, Vidor senior, sent the game-clinching field goal through the uprights.

After the dramatic come-from-behind win over New Hampshire, the Jacks went on a five-game winning streak with wins over Jacksonville State, Troy State, Southwest Texas and SFA's first homecoming victory in two seasons over rival McNeese State.

The last time the Jacks met up with the Cowboys from across the Sabine River at Homer Bryce it was hailed as the I-AA "game of the year" in 1995. That game showcased what was then the cream of the crop for the Southland Football League and the No. 1 ranked team in the country taking on the No. 2. That day things did not fare so well for the Lumberjacks, as they were steamrolled 34-13 in front of more than 20,000 fans, the largest crowd to ever attend a game at Homer Bryce.

This year proved to be a different story and scenario for SFA as they defeated McNeese for the second year in a row 13-7 in front of the second largest crowd to fill Homer Bryce. After the game, fans were so elated that what Pearce called the biggest victory for

his program that they tore down the goal post at both ends of the field and hurled them over the chain link fence into the Ag Pond at the south end of the stadium.

After the McNeese game, the Jacks were 7-1 and just outside looking in on the Associated Press's top 10; unfortunately complacency and road woes set in, and the Jacks lost two of their last three contests, leaving them 8-3 and out of the I-AA playoffs for the second straight year. Misery came in the form of a 1-3 road record in which the Jacks were handed two of their three defeats by Southland Football League foes. One of those games came against a Sam Houston squad that helped eclipse SFA's playoff hopes last year by beating them on their own turf in front of a disappointed Homecoming crowd 14-10.

The last-rites were issued to the Jacks

by the Demons from Natchitoches, La., 38-24 at Turpin Stadium. With an 8-2 record, SFA still had a shot at sharing the SFL crown with McNeese along with an invite to the I-AA playoffs, but it just was not in the cards for the turnover-prone Jacks. That night everything that could have gone wrong went wrong. After a blocked punt, an interception and a fumble all turned into Demon points in the first half. It was clear that Chief Caddo would unfortunately be making longer reservations in Louisiana. After jumping out to a 17-0 lead, Northwestern never looked back as they ran off with three things that should have been SFA's for the second straight year: an SFL title, Chief Caddo and a berth in the I-AA playoffs.

OUT FOR REVENGE

After crushing two NCAA Division II opponents the Lumberjacks took to the road hoping to tie the series record at one game apiece with No. 1 Montana.

Three games into the 1997 season, the Jacks had a prime opportunity to avenge the 70-14 thrashing they received in icy wind-chilled Missoula, Mont., in the 1995 NCAA Division I-AA semifinals. SFA went north to Washington-Grizzly Stadium with the hopes of containing the two-time national champion's offensive juggernaut featuring All-American quarterback Brian Ah Yat and five talented pass catchers on every down. In their previous bout the Jacks were mauled by the Grizzlies' shotgun offense led by the arm of Dave Dickson who threw for 370 yards and five touchdowns. On the other side of the bench then-Lumberjack quarterback James Ritchey (now with the Tennessee Oilers) was only able to muster 136 yards, completing eight of 27 passes while throwing two costly interceptions on the frozen tundra. Ritchey was also

sacked five times giving up 40 yards worth of real estate during what was a woeful contest for the Jacks' offensive line. The 1997 Lumberjacks fared better than their predecessors as far as the weather was concerned, and they even managed to take a 10-3 lead into the locker room at the half by way of a 1-yard KaRon Coleman touchdown run. But when all was said and done the 18,000-plus who filled Washington-Grizzly Stadium went home cheering after their beloved Grizz survived what was merely a near brush with defeat and a 24-10 victory. Statistically, though, the Jacks won the battle, holding the vaunted Grizzly offense to only 202 yards passing and 89 yards on the ground. On the other side of the stat sheet, the Jacks out-gained the opposition, moving the chains 17 times while racking up 327 yards to Montana's 13 first downs and 291 yards. The Jacks were able to establish their running game against a solid Grizzly defense led

by, rushing for 106 yards Pat House, who carried the pigskin 20 times for 86 yards. So, why did the then 14th-ranked Jacks fall to the defending national champs? The answer is simple—turnovers. Even though Jones threw for 200 yards on 14 of 33 attempts he also aided the Grizzlies' escape by throwing three interceptions, which just might have been the difference in the contest. After the battle was over, coach Pearce said he felt his team gave a phenomenal effort and he was proud of their effort.

HOMECOMING

It was the game of the year for I-AA football, and for weeks fans anticipated what amounted to nothing more than a game of capture the flag and a hijacking of the Lumberjacks' pride. The largest crowd in SFA football lore gathered at Homer Bryce in 1995 to witness the third-ranked Lumberjacks do battle with the top ranked Cowboys. When all was said and done, SFA was corraled 34-16.

However, it was not what was on the scoreboard that stuck in the craw of Lumberjack fans but what took place in the south end zone during the contest when the McNeese cheerleaders ran their flag past SFA's sideline. Taunting Lumberjack fans one too many times proved to be unwise that afternoon, especially with a crowd of 23,617, and a brawl made up of mostly SFA fraternites and McNeese cheerleaders ensued. So, the Jacks may have lost the battle on the field, but when it comes to a game of capture the flag, SFA fans will always come out on top.

With this in the hearts of the people in purple, forget the fact that SFA eeked out a dramatic one-point victory in 1996 in Lake Charles. Forget the fact that it had been two years since the taunting incident. All the Lumberjacks could think about leading up to their grudge match with McNeese was the debacle of '95. Coming into the 1997 Homecoming showdown, both teams once again were in the hunt for a playoff berth and a Southland Football League title. Each was nationally ranked with Cowboys in the No. 2 spot while the Jacks held down No. 10. The other thing lingering in the minds of the SFA faithful was the fact that their school had not come away from Homecoming weekend unscathed in two years, with losses to McNeese in '95 and Sam Houston in '96. With all this on the line, the Lumberjacks came out on top with a landmark victory for their program, sending McNeese back across the river 13-7. Following the game, fans stormed the field tearing down the field goal posts from both ends of the stadium and tossing them in the Ag Pond.

According to Lumberjack coach John Pearce, "The big thing was the clock going to zero and those goal posts coming down. I told them to go ahead and take the scoreboard if they wanted to. It was that big."

The goal post came tumbling down for only the second time in school history following the McNeese game. The only other time students were so moved was in 1972 when SFA went 2-8 on the season and broke an eight-game losing streak at home with a commanding victory over Tarleton State 42-7. The team's only other mark in the win column that year came against Sam Houston State 10-0 in the "Battle of the Piney Woods."

LUMBERJACK BASKETBALL 97-98

With all five starters back from head coach Derek Allister's 12-15 first year the Jacks were favored to win the SLC.

Looking at the Lumberjacks on paper, it appeared as if the Southland Conference title was gift-wrapped with SFA's name on the tag.

With all five starters back from Derek Allister's 12-15 debut season, the best record for an SFA first-year coach, people were quick to leap aboard the purple bandwagon, picking SFA to finish with the trophy in hand before the season even tipped-off.

The other factor that figured into SFA's preseason hype was the superb job Allister did landing one of the best recruiting classes Lumberjack fans had seen. Joining the starters and All-SLC selection Wayne Allen, Pasedena, Calif., senior, was a group of talented freshman that included Patrick Gusters, Dallas freshman, who was redshirted last season. Along with Gusters, Allister's staff signed Aaron Radl, Racine, Wisc., freshman, who many say will become the SLC's premiere point guard. Another key player who inked with SFA in the off-season was Rodney Beasley, Eustace freshman. Beasley scored the most points in the state during the '96-97 season averaging 36 points per contest.

Reality quickly set in for SFA due to injuries. However, when the team was healthy SFA did manage to win the first two contests of the regular season. SFA showed fans flashes of the future with wins over Northern Arizona and Northeastern Illinois. The Jacks blew out the visiting Golden Eagles in their season opener 81-

Enlow

65. Led by Gilmer senior Keith Tate's 24 points and nine rebounds, the Jacks came out intense in front of the home town fans.

In sharp contrast to their opener, the Jacks second match-up against Northern Arizona was a nail-biter. With seconds left in the contest Devanzio Carter, Albuquerque, N.M. senior, sank two free throws giving his squad a 72-70 win over the visiting Lumberjacks.

From there, it was downhill for the Lumberjacks, who went on the road and lost to Texas A&M and Southern Methodist University. After losing on the road, the Jacks held their heads high and won at home. But, as soon as they played outside the friendly confines of William R. Johnson Coliseum, they lost three more games.

SFA's troubles did not end with the road woes. After the Jacks finished up the non-conference portion of their schedule with a 4-7 record they suffered a different kind

of loss. During a game against Southwest Texas, four games into the SLC season, SFA lost the services of Allen, who injured his spinal column after taking a hard fall.

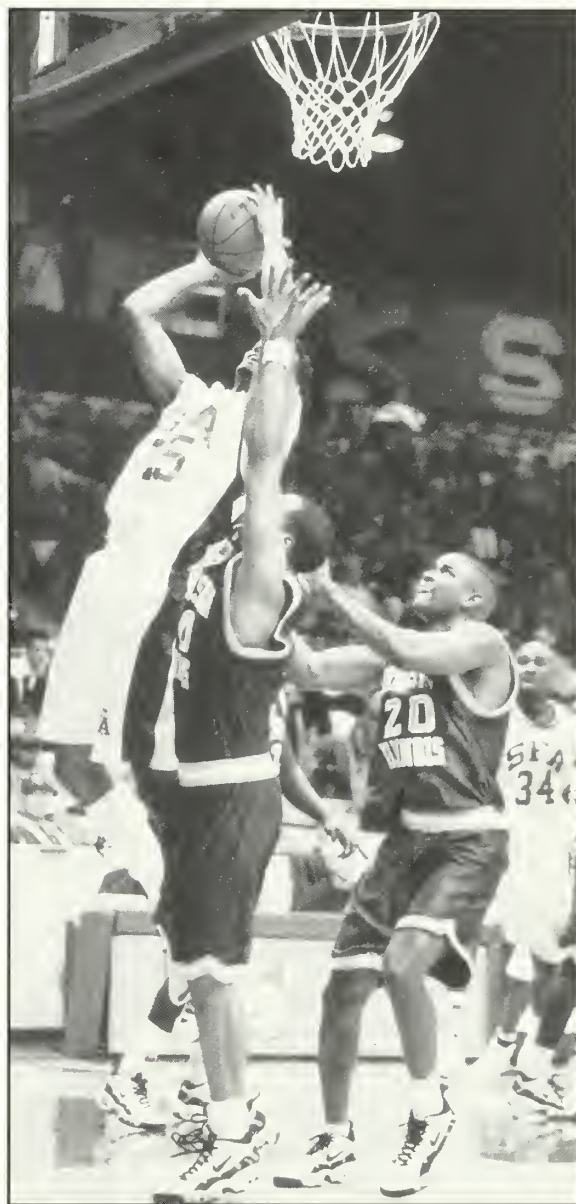

Even before the loss of Allen the team was already missing the services of Jermaine Lyons, Houston junior. Lyons, an All-SLC selection last season, was redshirted due to a sore back. Then the Jacks were further depleted when walk-on point guard Carl Briley, Dallas freshman, was told by his parents not to play anymore because of his grades.

But even after all the adversity the team had gone through, the Jacks still held their heads high and stayed competitive in the SLC. The Lumberjacks' rocky experience is something they can look to build on in the future with a young squad that at times played with five true freshmen on the floor.

LADYJACK BASKETBALL 97-98

Office of Public Information

The Ladyjacks battled to hang their 11th SLC title banner in the rafters of William R. Johnson Coliseum.

The 1996-97 version of the Ladyjacks finished the season with a 28-5 overall record and an undefeated 16-0 SLC mark. After being upset in the conference tournament by Southwest Texas, SFA advanced to the second round of the NCAA tournament where the season ended for the Ladyjacks.

With three starters and seven lettering athletes returning for the 1997-98 season, it did not take a fortune teller to predict SFA was favored to win its 10th Southland Conference women's basketball title.

The crystal ball, however, came in handy for prognosticating how far into the month of March the Ladyjacks would play.

The Ladyjacks started the season ranked 20th in the country, but they were challenged with a tough schedule early on, facing six other Top 25 schools in preseason play. SFA did not falter and managed a 10-2 record in the non-conference portion of its schedule. The only two losses came against Top 10 foes, Louisiana Tech and Texas Tech, both of whom looked to be in Kansas City for the Final Four.

The true litmus test for SFA came against Louisiana Tech in the Greater Shreveport Shootout. A perennial power, No.5 Louisiana Tech sent the rest of the Top 25 a message, blasting SFA 85-53. The early crushing dropped the Ladyjacks from the polls, but SFA determined to give the pollsters a message of the. After the loss, SFA returned home to host the L'eggs Classic. SFA bounced right back, winning the tournament with an impressive victory in the

championship game 89-87. The L'eggs Classic helped SFA regain its Top 25 form.

From there, the Ladyjacks entered SLC play and went on a nine-game winning streak, capped by a convincing 84-52 win over Northeastern Louisiana to take home the conference championship tournament trophy.

The Ladyjacks cruised through the SLC portion of their schedule with strong team play and senior leadership from Katrina Price, Waco senior. Price was named MVP of the Southland tourney and joined teammates Stephanie Whitmore, Daingerfield sophomore, and Anitra Davis, Houston junior, on the all-tournament team.

At press time, the Ladyjacks were poised to take on Western Kentucky in the Mideastern NCAA regionals to get a shot at former national champs, Tennessee.

LADYJACK SOCCER 1997 SOUTHLAND CONFERENCE CHAMPS

Butts

After three years of constructing a program brick by brick and pouring the foundation for what amounted to a championship, the hard work of Ladyjack soccer head coach Rachel Sanders finally paid off in 1997.

This season was a groundbreaking year for the Ladyjacks as they joined the newly formed Southland Conference soccer league and captured what looks to be the first of many accolades with Sanders at the helm. The other teams that kicked off action in the SLC for the 1997 season consisted of McNeese, Southeastern Louisiana and Northwestern State.

At the beginning of the

season, the club was picked to finish at the top of heap after finishing the 1996 season with a 7-13 record. The other factor that figured into SFA being picked to conquer the conference by preseason prognosticators was the fantastic recruiting job coach Sanders did in the 1996 off-season, adding talented Texans at key positions. However, the team did take a while to gel without any senior leadership. With only four juniors, the youthful Ladyjacks were 1-7-1 midway through their schedule. The lone sister kisser came against Northwestern and the only win during the teams lowly start came against McNeese 2-1.

Struggling through the early part of their schedule was nothing new

for the Ladyjacks who went 1-11-1 in their inaugural 1995 season. So, fortunately they were accustomed to the growing pains that come along with being part of a new program. At one point they went on a seven game losing binge dropping games to more experienced foes such as Centenary, NAIA power Incarnate Word and Texas Christian University. But when it came time for SFA to go up against other newbies from the womens' Southland Conference, they measured up to the task each time posting a 4-1-1 record. The Ladyjacks also showed gumption by winning five out of their last 11 games including the trophy clinching match.

SFA's most impressive accomplishment came by way of sweeping arch rival McNeese State in the season series for the second straight year and bringing home the program's first piece of hardware. With the trophy within one game's reach, Sanders' squad came through in the clutch pulling out a 1-0 victory over the Cowgirls. The lone goal in the match came off the head of Shaketha Miles, Duncanville freshman, midway through the first half, off of a throw-in from Jennifer Gow, Plaquemine junior. The Ladyjack defense held steady throughout the rest of the match on the wings of hardworking goalkeeping by Jessica Goelz, Plaquemine junior.

SFA missed out on a chance to double its trophy collection when the Ladyjacks hosted the first SLC postseason tournament. Going into SFA's first tournament appearance, the number-one seeded Ladyjacks looked as if they had the tourney title gift wrapped in purple and white. First, they had the good fortune of playing in front of a friendly crowd at Homer Bryce. Second, the Ladyjacks were smiled upon by the scheduling Gods and pitted against the cellar dwelling 0-16-3 Lady Demons. Good fortune did not smile on the Ladyjacks twice, and they lost their first round match to Northwestern 1-0 after having several attempts at taking the edge. SFA finished their third season of existence and first year of Division I action 6-12-1.

LADYJACK JESSICA GOELZ

COMPETITIVE NATURE

By Geneva Whitmarsh, Contributing Writer

When Jessica Goelz was five years old, she suited up and stepped onto the soccer field as the only girl on an all boys' team.

Today, she is one of the top players in an impressive lineup of Ladyjack soccer players.

According to Ladyjack soccer coach Rachel Sanders, Goelz has played a large role in the success of the team.

"I think this has been her best season," Sanders said. "Her mental game is consistent, and her confidence level is up."

Goelz, Plano junior, agrees her confidence level has improved as a result of her experience on the team, but said her biggest asset is the level of competitiveness she brings into each game.

"Once the game starts, my adrenaline starts pumping, and I become very competitive," she said.

Goelz said a competitive nature has become prevalent in her teammates as well and has resulted in a team that has been difficult for opponents to overcome.

"This has been a great season for us," she said. "We've beaten teams we didn't think we could by working together and really getting into the game."

"There are a couple of teams that have consistently presented a challenge. North Texas, who we came very close to beating, and Texas Tech are a couple of our biggest rivals because they've been together longer than we have."

The Ladyjacks are a fairly young team, according to Sanders. There are only four juniors on the team, including Goelz.

However, Goelz said the Ladyjacks, like any other team, has its strengths and weaknesses which they have overcome with perseverance and hard work.

"I think our defense is extremely strong and has proven to be fairly consistent," she said. "Our offense isn't as strong, but I think it's just a matter of one player stepping up and scoring some goals."

"I could use some work on my goal kicks because they're not where I want them to be," Goelz said. "My strength probably lies in my height more than anything else because I'm able to return high balls."

However, Sanders said Goelz is a well-rounded player with several strengths, least of which is her height.

"Goelz is a good team player and is one of those people you're glad to have on the team because of her ability to take a negative situation and look at it in a completely different light," she said.

Goelz said the team's success may be partially due to the closeness of her teammates. The Ladyjacks had eight away games by the time the season ended, and Goelz said the time on the road has helped strengthen the players' relationships.

"We take a lot of road trips, and although it's hard to balance school with being on the road, taking trips together really gives the team a chance to bond," she said.

Goelz said soccer has become the basis of her everyday schedule. In addition to practicing at least 15 hours a week with the Ladyjacks, Goelz coaches a children's soccer team.

LADYJACK SOCCER COACH RACHEL SANDERS: GROUNDBREAKER

Before coaching at SFA Sanders was opening doors for women's athletics

Looking on from the sideline, Ladyjack head coach Rachel Sanders knows this is not going to be her team's night to break its losing streak. The Lady's of Centenary put two goals in the back of the net late in the first half and are now knocking on the door again, but Sanders knows her team has potential in only its third year to see Division I action. It's midway through the season and SFA has been missing in action from the win column since an early victory over McNeese State. The only other positive for Sanders' bunch was a tie with conference rival Northwestern in the second game of the season. This elevated the Ladyjacks lowly mid-season mark to 1-7-1.

Sanders already knows what it is like to build a program from scratch, and with building comes the experience of losing. She was part of the first Lady Longhorn soccer team at the University of Texas.

If it wasn't for Sanders involvement in a Title IX law suit, there probably would not be a women's soccer program at UT. Besides being the cause for women's soccer at UT, Title IX was also responsible for the demise of the men's baseball program at SFA.

After posting several losing records well below .500, Athletic Director Steve McCarty was faced with what he called "a very emotional decision" to axe the baseball program. This was brought about after the NCAA passed a proposal in 1994 requiring institutions to have eight women's teams along with six men's teams. In layman's terms, what Title IX states is that if there is an interest in female sports at a university then the ratio of the student body male to female must be proportionate to the amount of male to female student athletes, according to Sanders. So, in order to toe the line with the powers that be, SFA had to cut its much maligned baseball program and add Ladyjack soccer.

Sanders became involved in

the Title IX class action lawsuit against UT after realizing there was a strong desire for more women's sports at UT.

"I got involved because I wanted to be part of adding more sports," she said. "And my name was put on the lawsuit."

Sanders suit was settled out of court but the impact of her actions reached far beyond the addition of Lady Longhorn soccer. Since her days at UT, the school has added several other women's sports including: softball and women's rowing.

Coach Sanders is modest when discussing the ramifications of the suit on women's sports across the country.

"It's not my impact so much, but that UT did it," she said. "The UT athletic program is one of the top ten in the nation. So, if UT does something a lot of other schools are going to follow suit."

The only apprehension Sanders said she had when getting involved in the Title IX suit was the way future employers would look at her.

"Title IX is not the most popular thing. People view it as threatening like you're taking away men's sports," she said. "I am not a threatening person, but I am for trying to make something right."

McCarty said that he was not aware of Sanders involvement in the lawsuit at UT, but that even if he had known, it would have had no bearing on her being hired as SFA's first head coach.

"Those things don't even figure in. We send out the applications and narrow it down to the top three applicants," McCarty said. "After looking at others she was the most qualified because of her experience as an assistant coach and her work with the head coach at UT."

McCarty also said that a key in Sanders hiring was the fact she was part of the transition from club to Division I soccer at UT.

According to SFA team captain Stacey Moczygemba, Round Rock sophomore, it's Sanders' experiences at UT that help the current crop of Ladyjacks understand what they have to endure as the first team here.

"Coach Sanders always talks about her experience at UT, and how we should mirror the way they played with our drills and our style of play," Moczygemba said.

Moczygemba also said that it helps to have a coach who understands the building process.

"It does help to have a coach that

has been through this, and it shows us that we will have our time," she said.

"It is pretty cool she was involved in bringing women's soccer to UT," said a surprised Moczygemba, who like McCarty was also unaware of her coach's involvement in the Title IX case.

"I think the rest of the team would be really surprised at least to know that she has done something so monumental," she said.

Sanders said the biggest adjustment she had to make as a player that she relates to her team is the change from club soccer to NCAA soccer.

"Adjusting to varsity soccer is the toughest lesson I had to learn as a player, and I think that adjusting to varsity soccer has been tough on some of the girls as far as the commitment level and the dedication," Sanders said.

According to Sanders, her toughest adjustment was making the change from player to coach.

"Building a program is a ton of work, but coaching is probably the smallest percentage of what has to be done to win games," she said. "As a player, your responsibility is to show up and play as hard as possible, but as a coach your work is done in between games, and come kick off it's out of your hands."

With SFA's run of bad luck dropping four out of six matches at the beginning of the season, it was apparent the Ladyjacks and coach Sanders were experiencing growing pains in their third year. But, after encouraging words from their coach who told them to hold their heads high and that there is always room for improvement, they pulled it together and posted a 6-12-1 record and a regular season Southland Conference title.

"I would always tell them that they have not played to their potential, and that they are capable of more," Sanders said.

Moczygemba says the losing is the worst part of building a program, but the team has the ability to win, which it showed by putting up a 4-1-1 SLC record.

"We are coming along as a team. Right now we are still setting a base, and coach Sanders has been an important part of that," Moczygemba said.

LADYJACK VOLLEYBALL '97 - SLC TOURNAMENT CHAMPS

After a slow start coach Debbie Humphreys' team climbed to the top of its conference for the fourth straight year.

Dynasty. What other word could so succinctly describe the Ladyjack volleyball team's domination of the Southland Conference in the '90s. The 1997 group continued manhandling its competition, finishing second in conference play to McNeese, and then defeating Nicholls State to win the SLC tournament title. The SLC victory landed SFA in the NCAA tourney for the second time in Ladyjack head coach Debbie Humphreys' nine year career.

Coach Humphreys' gang has even captured high marks off the court with several players named to the GTE Academic All-American team in the '90's. This past year Susie Schumann, Round Rock senior, was named to both the National and District VI GTE Academic All-American team.

On the court, the Ladyjacks' Bianca Aranda, San Antonio junior, was clearing a place for herself in the record books with solid play and teamwork. In her third year in a purple and white uniform, the

compact yet effective Aranda shattered the school record for assists in a single game with 80. Aranda also holds the record for assists in a single season with 1,721 in 1995 which happened to be her freshman year.

Prior to the start of the '97 season, most SLC volleyball pundits thought the Ladyjacks would be rebuilding this year looking toward next year. But those naysayers should have looked into a crystal ball and seen that SFA's head coach saw much farther into the future and built the program to reload not rebuild. The loss of SLC Player of the Year Krisna Johnson-Jacquett and first team all-conference selection Brooke Newbury did not phase the Ladyjacks. Coach Humphreys and crew marched through the season finishing up with a 23-13 record after losing to the University of Texas in the first round of the NCAA's. With a group of fresh faces and only one senior there were some hills to climb to be able to hang a fourth banner in the Shelton Gym. But after a slow 7-9 start SFA found itself right in the thick of the conference rat race with crucial victories over McNeese, UT-San Antonio, Southwest Texas and UT-Arlington. The most important of the three wins came against a UTA team that was favored to win the conference. The Ladyjacks put forth their best defensive effort of the season in the UTA game with 110 digs which helped SFA take the match in a four game set, 3-1. With those victories under their belts the Ladyjacks clinched the second seed in the SLC tournament.

From there SFA waltzed into the conference tournament and faced the Lady Colonels in the championship match where Amber Matocha, Fort Worth junior, took center stage. Matocha led her squad into the finals with 19 kills, two assists and 14 digs which earned her the tourney MVP award. The Ladyjacks were down early in the second game but rallied and sent Nicholls back to Thibodaux swept under the rug by virtue of 3-0 loss.

The victory earned SFA an automatic berth into the NCAA tournament where the Ladyjacks face the tough Lady Longhorns. UT made quick work of the over matched Ladyjacks, beating them 3-0 in Austin at the Erwin Center.

LADYJACK BIANCA ARANDA: RECORD SETTER

The scene is set. All the players are in place. The opposing team serves the ball. It soars across the net at what seems to be warp speed and without hesitation, Bianca Aranda gets in position and sets the ball to a teammate who then kills it. The Ladyjacks now have possession of the ball.

Aranda is definitely a natural. She has played club volleyball since third grade in her hometown of San Antonio, lettered all four years of high school as starting setter and is a starting player for her third year at SFA.

For her first two years with the Ladyjacks, she was starting setter but is now being tried as a passer and defensive player. "Although I have been a setter most of my career, I will play at any position," Aranda said. "If I'm needed somewhere, that's what I'll do. Whatever is best for my team."

Since she is so willing to step up and do whatever is necessary, head coach Debbie Humphreys will take advantage of that. "Bianca knows our offense and brings a presence we need to the court," she said. "She has a lot to offer and will be seen in several situations this year."

Since setting is what Aranda does best, that is her obvious preference. "Setting helps me feel more involved," she said. "I feel I can run the court, because I touch every ball."

As a setter, Aranda has established a school record for SFA this season with 80 assists in a match, which was held last by Teri Sherrill in 1992 with 77 assists. Aranda also holds the record for assists in a season with 1,721 in 1995, the season she was named SLC Freshman of the Year. She has the second highest career record in assists with 3,002, not including this season thus far. Aranda was also named to the SLC all-tournament team and SLC honorable mention.

When it comes to volleyball, it is apparent where Aranda places her heart- with her team. "We are a very team-oriented team," Aranda said as her face lit up. "We play for each other, doing whatever we need to do to not let the rest of the team down. When I play, I don't play for

myself."

This year's team definitely ranks at the top of Aranda's list of favorites. "We are all very close and mesh well together," she said. "We have a positive team attitude and the one word that comes to mind when describing (the members) is dedicated."

"All of the girls are hard workers and don't give up. We definitely work great under pressure. We are a very intense team, and that shows when we play. I am very proud to be a part of it."

Another aspect of the team Aranda is proud of is the fact it has the highest GPA as a team between all the sports. She is amazed at how much her teammates are able to accomplish. One example is Susie Schumann who has a 4.0, is majoring in computer science, minoring in accounting and still has time to give her all to her team. "They never cease to amaze me," Aranda said of her teammates.

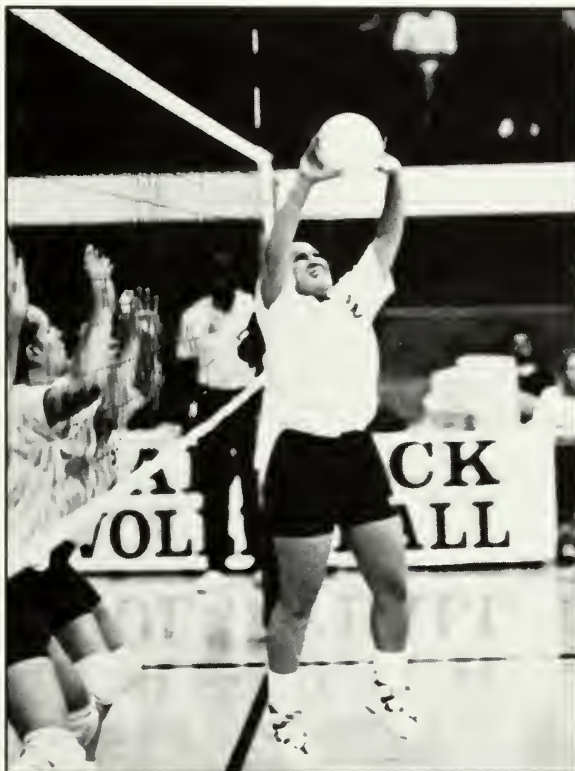

When it comes to her own education, Aranda has her mind set on her goals. "I hope to earn my degree in general business and work for USAA (an insurance company)," she said. "I don't want to end my volleyball career, though, so I plan to coach a coed club team."

With all of these goals in sight, she keeps her mind on what is truly most important in her life: her 15-month-old son, Jalen Michael. Although Jalen lives with her parents back in San Antonio, he is able to attend all of her games which gives Aranda that "extra incentive." After college, her main focus will be being the main part of her son's life.

As for short-term goals in a volleyball perspective, Aranda expects her team to win conference, which she sees as a very realistic goal. "I think we should step up and be the leader in the tournament, because the other teams are fluctuating," she said. "If we work together on the court and play to our full potential, our expectations will take care of themselves."

With half of the season gone and the rest waiting to be conquered, Aranda looks ahead confidently and ready to shatter more school records.

SFA CLUB SPORTS 1997-1998

Although they may not get the recognition they deserve, club sports play a major part in the student involvement in athletics at SFA.

This year, some of the club teams advanced to state level and others are headed that way.

The rugby team captured the Rugbyfest title for the first time, although they have hosted it here for the past 10 years. The tournament consists of 12 teams from colleges such as Texas A&M, Southwest Texas and Baylor. "The level of competition has improved and our skill has improved because of it," said Stephen Tyler, Plano junior. Jason Hall, Dallas sophomore, was named tournament MVP. "He played hard and had good leadership," Tyler said of his teammate. "He just did a good job this weekend."

The men's soccer club advanced to the state tournament in Austin for the first time in SFA history. They lost to Southwest Texas 3-1, but were still excited about how far they made it this year. "It was a great feeling to be able to participate in the state tournament after the season we had," said coach Ryan Adams, Houston sophomore. "We ended with a record of 5-4-2 which is better than the past three years combined. We hope to be starting a tradition and advance even further next season with more commitment from the team and stricter practices."

The hockey team's played well in their first tournament of the season in Conroe at the Mustang Athletic Center, where they beat Sam Houston and SMU. Their only loss was to Southern Louisiana. "That was our first game of the season and we were nervous, but we loosened up after that and came back and won the next two games," said Justin Sternberg, Dallas senior. The team also participated in the Fall Regional Tournament where they battled teams from all over the state. The team's biggest games came against Southwest Texas, Texas Tech, UT Austin and UT Arlington.

The Tae Kwon Do club participated in the 22nd annual National Collegiate championship in Kansas City, Mo. against 122 other universities and brought home a third place trophy. According to coach Eric Goodwin, the club not only received a trophy, but eight medals and plenty of respect. Not only did the club rank nationally, Mike Hojun Song, Sugar Land junior and third-degree black belt, won first place overall in the individual sparring competition and is now qualified to compete in the World Collegiate Championship next October.

These are just a few of the club sports whose members contribute to the success of athletics at SFA, and deserve recognition from the student body for the hard work and talent they exhibit.

Co-Editor's Note:

From the very beginning, I knew this would be a challenge for Brad and me. We were new, our entire staff was new and even our plant representatives were new. However, with much late-night nourishment from popcorn and hot tea, we made it. Honestly, it was hard work but definitely self-gratifying. This was by far one of the most rewarding and educational experiences of my young life. I want to thank my fiancé, Mike for tolerating and understanding my all-nighters at the office, Julie for her impeccable organization skills, Danette for being a never-ending source of entertainment and most of all, Brad for implementing any and all ideas for this book. You made it happen; there was nothing you couldn't "tweak", as you call it, to perfection. Thank you staff for taking this challenge head-on. You worked diligently with much confidence and produced a remarkable piece of history. These bound pages represent our time, energy and enthusiasm. Thus, a memorable account of SFA and its 75 years of birth and beauty has come to be.

Happy 75th SFA!

Another Co-Editor's Note:

With every new yearbook comes the daunting task of finding a place for everyone and everything important to this college and its students. However, no yearbook could possibly contain all the stories, escapades and memories that occur amidst this beautiful campus of ours. This book is just the latest in a long tradition of attempts to capture the college year on paper. Be it your first, or last, it is my hope that if you have survived to this point, you are better for it, and that this book helps you to remember at least some of the things that went on here that changed all of our lives. I could never have completed this effort without my partner in crime, Jennifer. You were the driving force behind this ordeal, and gave me room to be creative. Special thanks to Pat the Sun Goddess for thinking I could do this job in the first place. Thanks to Cindy Whittle for allowing me to cater to her needs. Also thanks to Melissa Youngman for being there when I needed a break. Finally, thanks to the fine folks at the Pine Log, for putting up with the craziness that emanated from the other half of the UC basement during this production.
